

One of the greatest radio stations in this area is K-LOVE. They have made a difference in my life, my family, and many people I know. If we were to lose this due to the new LPFM it would be very hard for many thousands of people. K-LOVE has been meeting the needs of people all across the country. They help single moms, people contemplating suicide, those who are hurting or depressed, and provide daily encouragement to so many people. Please do not allow the LPFM service to ruin such great stations as K-LOVE
